

Delock PCI Express Card > 2 x USB 3.0

Description

The Delock PCI Express card expands your PC by two external USB 3.0 ports. You can connect USB 3.0 devices like e.g. docking station, card reader, external enclosure etc. to the card. Since the USB-A interface is compatible to its forerunners USB 2.0 and USB 1.1, you can still use your existing USB devices. Due to the vertical direction of the USB 3.0 ports you can also install the card into a low profile slot.

Item no. 89348

EAN: 4043619893485

Country of origin: Taiwan,
Republic of China

Package: White Box

Technical details

- IOI item number: U3-PCIE1XG202-10
