#1. Download speed may be varied in different region. If you have experienced lower download speed, please try other region download sites.

#2. Please download from the region **"Asia"** if the file you wanted to download does not exist in other region.

#3. If you have encountered problems or cannot find the file after following #2, please feedback to our Technical Service for further help.

#4. For better download quality, it is recommended to use software like Flashget or Getright to monitor your file download status for saving your treasure time and efforts.
