PCI-600-D click here

Processor: Intel Petium II 233-333MHz.
Single and Dual SPU Support.

Chip set: Intel 440LX. Fully complies with PCI Bus spec.
V2.1 AGP Specification V1.0 compliant.

On board IDE: 2 connectors support up to 1 fast ATA-2 and ATAPI devices
Supports PIO mode 3 and 4 devices,
data transfer rate can be up to 17MB/s.
Supports Ultra DMA, data transfer rate can be up to 33MB/s

System memory: Four DIMM Sockets.
Support 3.3 EDO and 3.3 V SDRAM 168 pin DRAM module.
Support maximum memory size of 512 MB with
SDRAM or 1GB with EDO

On board I/O: ITE IT8679F power I/O chip.
1 Floppy port (2.88 MB floppy optional)
2 serial port (16550 fast UART compatible).
1 Parallel port (SPP/EPP/ECP mode)
1 FIR port (transfer rate up to 4MB/s)
1 PS/2 mouse port. 1 PS/2 K/B port.
2 USB ports

BIOS: Award green BIOS support PnP function.
Support flash memory for easy upgrade.

Expansion slots: 4 PCI master slots (PCI spec. V2.1)
2 AT/ISA bus slots (1PCI/ISA Shared slot).
I AGP (Accelerated Graphics Port)

SCSI: Symbios SYM 53C895 PCI-Ultra2 SCSI (option)

Board Size: ATX form factor 30.5cmX21.5cm.
